

Muideen Adeogun

Performance-focused Frontend Engineer with 5+ years of experience architecting scalable, user-centric web applications for global organizations. Proven track record of leading cross-functional teams in agile environments to deliver high-impact products across Africa, Europe, and the US. Expert in React, TypeScript, and modern frontend ecosystems, with a current focus on integrating Python-driven data insights into web architectures.

EXPERIENCE

Chisquares | Atlanta, GA (Remote) — Lead Senior Frontend Engineer

OCTOBER 2022 - SEPTEMBER 2025

- Architected a scalable frontend infrastructure using React and Next.js, resulting in a 15% reduction in production bug rates through strict TypeScript implementation and coding standards.
- Orchestrated a team of distributed developers, boosting overall team productivity by 20% via refined peer-review processes and mentorship.
- Accelerated time-to-market by 25% by introducing automated CI/CD pipelines and modernizing development workflows.
- Collaborated with data science teams to transform complex scientific data into high-performance, interactive visualizations.

Zarttech | Den Haag, Netherlands (Remote) — Frontend Developer / Web Development Lead

DECEMBER 2020 - MARCH 2025

- Optimized core web vitals for enterprise-grade projects, achieving a 40% reduction in page load times and significantly increasing user retention rates.
- Integrated real-time live chat for an enterprise web app support team that supports file upload and ticket tracking.

TTF Ltd | Lagos, Nigeria (Remote) — Frontend Web Developer

OCTOBER 2019 - PRESENT

- Developed responsive, SEO-optimized single-page applications (SPAs) tailored to high-traffic client requirements.
- Enhanced cross-browser compatibility and mobile responsiveness for 10+ major client websites.
